

## **Kentucky Diabetes Prevention and Control Program September 28, 2016**

### **Meeting Summary**

#### **Health Departments and State KDPCP Staff Present on Call:**

Allen, Barren River, Bourbon, Bracken, Bullitt, Calloway, Christian, Carter, Clark, Cumberland Valley, Estill, Fayette, Floyd, Franklin, Garrard, Gateway, Graves, Green River, Greenup, Harlan, Hopkins, Jessamine, Kentucky River, Knox, Lake Cumberland, Laurel, Lawrence, Lincoln, Lincoln Trail, Louisville Metro, Magoffin, Marshall, Monroe, Montgomery, North Central, Pennyryle, Powell, Purchase, Three Rivers, Todd, Wedco, Whitley, Woodford, Kim DeCoste, Reita Jones

#### **Introduction**

- Janice and Theresa are in VA presenting about all the great work KDPCP has done in diabetes prevention efforts. Congratulations – as you are the ones who have done much of this work!
- Becki is at CHW meeting.

#### **Sharing Time**

- National Diabetes Month and World Diabetes Day Activities
  - Purchase District Health Department, Deanna Leonard-- 15<sup>th</sup> annual Diabetes Expo working with coalition and a number of community partners. There will be screenings. She did an article to go in a widely distributed publication. The article utilized existing national piece which they tweaked for their local area.
  - Pennyryle District Health Department, Kelly Dawes—Partners with other organizations like home health and Cooperative Extension. Will do screenings in local grocery stores and senior centers. Done in November and March.
  - Lincoln Trail District, Mechelle Coble - Local TV taping of a skit advertising the month and an Expo follows. The skit this year is a “talk show”. It is written in cooperation with a number of partners. It will play many times on the local cable channel.
  - Lexington-Fayette, Carol Hisle - Partnering with others in community and the coalition to target a disparate population (Williams-Wells-Brown Center). Providing screening and a health fair.

#### **Business**

- KDPCP Overview Guide
  - Still in approval process
- LHD Scorecard

- Pilot –Reita will be gathering feedback from LHDs who have been piloting the scorecard.
- Community Resources Assessment for FY 17 (June 2016-July 2017)
  - Overview—Reita review this is expected from all funding levels and every LHD across the state. It is completed annually.
  - Reviewed program target outcomes
    - Increase access to DSME and DPP programs
    - Increase participation in DSME and DPP programs
  - Your assessment will include collecting information on availability of these two targeted programs and other diabetes services.
  - Very important to give you, your community and the state web-based Kentucky Diabetes Resource Directory (KDRD) current services and to help identify gaps; can help build/maintain relationships with providers in your area; and allow tracking and trending progress on achieving program outcomes at the state and local level.
  - FY 17 Toolkit coming soon—After you receive this toolkit, there are 4 tasks all funding levels are expected to do for your area
    1. Collect data request with the toolkit forms
    2. Enter data in the web-based KDRD - community partners may also enter this but you are responsible for making sure this happens.
    3. Print summary info for your area from website; distribute to primary care providers/partners/community members; and spread word about how to access the directory. It can be sorted and printed by county and/or adjacent counties.
    4. Enter summary information by county as requested on Survey Monkey. The link to the Survey monkey will be included in the toolkit and should be completed by March 31, 2017.
- Courier Journal Article(s)
  - Kim shared that a series of interviews have been taking place related to diabetes in KY to be published during the month of November. We will keep you informed of more specific publication dates as known.
    - Resources/Materials
      - Portion plates—If you have not previously requested these for use in your diabetes month activities, send a request to [kim.decoste@ky.gov](mailto:kim.decoste@ky.gov).
      - Pamphlet library inventory
      - Items listed KDPCP Notes
    - DSME Update
      - If the request to down load the KDPCP Curriculum has been made through TRIAN, an email was sent with the most current updates to the curriculum.
      - Please review the first PowerPoint attachment as the instructions and updates are listed.
      - If you have any questions, please contact Becki [becki.thompson@ky.gov](mailto:becki.thompson@ky.gov).

**Sharing Time**

- AADE or TRADE Workshop Tidbits
  - Lincoln Trail, Mechelle Coble—attended great sessions on “being mindful” of positive things folks have done. Carol Hisle agreed—this was her favorite session. They encourage educators to focus on not being negative and focusing on what is causing the certain behavior.
  - Kentucky River, Alice Caudill—National Diabetes Month-lighting buildings in blue. Will be lighting the health departments in blue. This gave great newspaper recognition. Also have done proclamations.
  - Monroe County, Jill Ford - Annual ABC Health Fair. Partner with WKU and local hospitals. Will offer A1C, blood pressure and cholesterol testing.
  - Todd County, Angela McKee - Partner with 2 churches to provide diabetes month activities.

#### **Next Meeting**

- October 26, 2016, at 10:00 Eastern

**Kentucky Public Health**  
Prevent. Promote. Protect.
